Assignment #6

Due Nov 1st.

10 points

Write a two-page survey of “Fair trade.” Use Internet as your resource (there is a ton of links). Write it in a way you would write an executive summary: make it concise, include the most relevant information, try to make sure that pro’s and con’s of this concept are covered. Keep in mind that you are writing for the International Economics class, so your ability to use what we have learned will be rewarded.
