slaughter is not always, however, connected with the table. No
solemnity was perfect in the times before British domination
five years in cages like huge extinguishers made of palm-leaves, out of
for human flesh. It is, as Mr. Wallace remarks, with intelligible
and weak. Somewhat luxuriously he asked to be strangled first
of beauty," and they have a fine sense of vocal harmony. The New

cure fire for themselves. When they accidentally let their fires

go it by friction. Yet they divide the year into lunar months, and

The cages are placed inside large houses, with old women to watch

of large insects. What they consider music is their ordinary
self-contradiction, "an insatiable craving that must be satisfied."

of New Zealand have a remarkable custom, which even the East

to civilization are the causes. Mr. Wallace complains that "there

The consequence is that the fermented juice of the orange has
taken the place of the indigenous dances of the past. As Tahiti
is French, so the Sandwich Islands are Americanized. According
to Mr. Wallace, the effects of the new civilization have been equally
dubious in both. Here again, too, he charges part of the result on
the missionaries—in this instance, the Congregational denomina-
tion of the United States—for having represented Christianity as
"a severe legal Jewish religion, deprived of its dignity, beauty,
tenderness, and amiability." A climate and soil only too willing
to maintain life without toil may perhaps be equally responsible.
