

You can also spell major scales quickly using KEY SIGNATURES.

To spell a major scale, use only the accidentals in the corresponding key signature.
For example to spell a C major scale, think of the C major key signature (no sharps or flats).

Then use these accidentals to spell a scale beginning on C:

To spell an F major scale, use only the accidentals in the corresponding key signature.
Think of the F major key signature (one flat, B \flat).

Then use these accidentals to spell a scale beginning on F:
