Plus de quizzes en classe et les activités interactives pour faire comme devoirs; il y a des chapitres qui n'ont pas les activités comme par exemple Ch. 11. De plus, j'aimerais un bon mélange des activités à écrire, à parler et à lire.

While I enjoy the readings from the textbook, I think breaking up the monotony more would be beneficial. I like using the Internet like we do to learn about French history, so maybe a focus on that would be useful.

I would do the quizzes the day after we finish the chapter. Having to go so far back in the book to take the quiz is difficult since history builds on itself, and the information is not as fresh as it was.

I love doing more interactive and hands on activities. I also love reading together in class about the chapters.

I like that we get to create our own blogs, and I also enjoy when we read aloud and discuss the book in class and learn in more depth about what we read by going online.

Tous.

I loved watching videos and doing other interactive activities about the various artists and musicians online. I also love looking at art and french monuments. Its great being able to connect a collection of artwork with a specific artist.

I like the interactivies, I find them to be extremely helpful. I like how they are not taken down after we finish the chapter so that they can be used as a review tool.
