## THE LANDSCAPE OF PSYCHOLOGY

- + Focus on what people do right, not what they do wrong
- + Virtues
- + Cuts across theoretical orientations
- Cultural Psychology
  - + Derald Wing Sue
- × Evolutionary Psychology
  - + David Buss
  - + Steven Pinker

## THE LANDSCAPE OF PSYCHOLOGY × Feminist Movement + Coined by Karen Horney + Focuses on removing the oppression of society and working toward equality for all Forensic Psychology Not CSI or The Profiler Many of the mentally ill are now being housed in jail rather than hospitals. Work w/prisoners on improving mental health THE LANDSCAPE OF PSYCHOLOGY + Competence to stand trial/Insanity + I see this area growing in years to come Cognitive Psychology + Cognitive Therapy Acceptance and Commitment Therapy Neuropsychology New frontier Field is moving in this direction Many universities are creating "Departments of Brain Sciences" or equivalents THE LANDSCAPE OF PSYCHOLOGY \* Private Practice vs. Academia + Still more jobs in the private sector than in academia But, w/Baby Boomers retiring, there are a number of jobs opening up across the field Impact of the Veterans' Administration

Doubled the number of psychologists on payroll

~6% of psychologists employed @ VAs

## THE LANDSCAPE OF PSYCHOLOGY \* State of the Profession + APA × 150,000 members, with a focus on practice + APS × 20,000 members, with a focus on science + Scientist-Practitioner Model Still alive, but has competition THE LANDSCAPE OF PSYCHOLOGY + Psy.D. × Benefits × Problems + Internship difficulties + Empanelling Difficulties + New Laws + Holy Cow!!!

Final Thoughts
